

**FIRE PROTECTION SERVICES** are crucial for keeping your business safe and compliant. Facilities USA offers a comprehensive range of services, customized to meet the needs of your business.

#### Emergency Light Testing

- Monthly and annual tests ensure that lighting devices are always ready in the event of an emergency
- Testing is in accordance with **National Fire Protection Association Life Safety Code**
- Comprehensive records are notated and provided

#### Fire Alarm Systems

- Systems are routinely tested to ensure all alarms are working properly
- Installation or repair is provided, when necessary
- Inspectors and technicians insure that devices are **National Fire Protection Association Code 72** compliant

#### Fire Sprinkler Systems

- A routine testing schedule is implemented in accordance with **National Fire Protection Association Code 25**
- Skilled technicians are available to inspect and service all types of sprinkler systems — wet, dry, deluge, standpipe and more

## THE FACILITIES USA DIFFERENCE

- Servicing multi-location companies is our specialty. We provide fast, reliable service, **anywhere in the US**.
- Customer service is key - our clients receive a dedicated account manager, plus have **24/7 access** to helpful, knowledgeable representatives.
- Significant **cost savings** are available through multi-location discounts, and up-front, flat-rate pricing plans.
- A double layer of **insurance** through both Facilities USA and our partnered network of subcontractors offers security and peace of mind.
- Administrative details are easy and efficient with on-demand automated and **customizable reporting**.

An effective fire safety program protects your property and saves lives. With **Facilities USA** managing your fire protection services, you'll rest assured knowing that your locations are prepared and compliant.
